## THE MOST LUXURIOUS CONDOMINIUM

### *in Tyler*

Surrounded by the most spectacular location on Lake Bellwood, The Cascades Golf Course was recently redesigned by PGA great Mark Hayes. The natural splendor of Lake Bellwood, a spring-fed, natural sanctuary, enhances the European elegance of The Cascades Lake Towers. This is the best address in East Texas, with rolling hills, grand forests, sparkling streams and natural, spring-fed lakes. Home to one of only four Jack Nicklaus Golf Academy locations in the world, The Cascades Golf Course features a 40,000-square-foot clubhouse, a striking lake-front Marina and Lake Club, a beautiful 12,000-square-foot spa and 10 tennis courts. Residents of the Towers enjoy special memberships privileges at all of these incredible facilities.

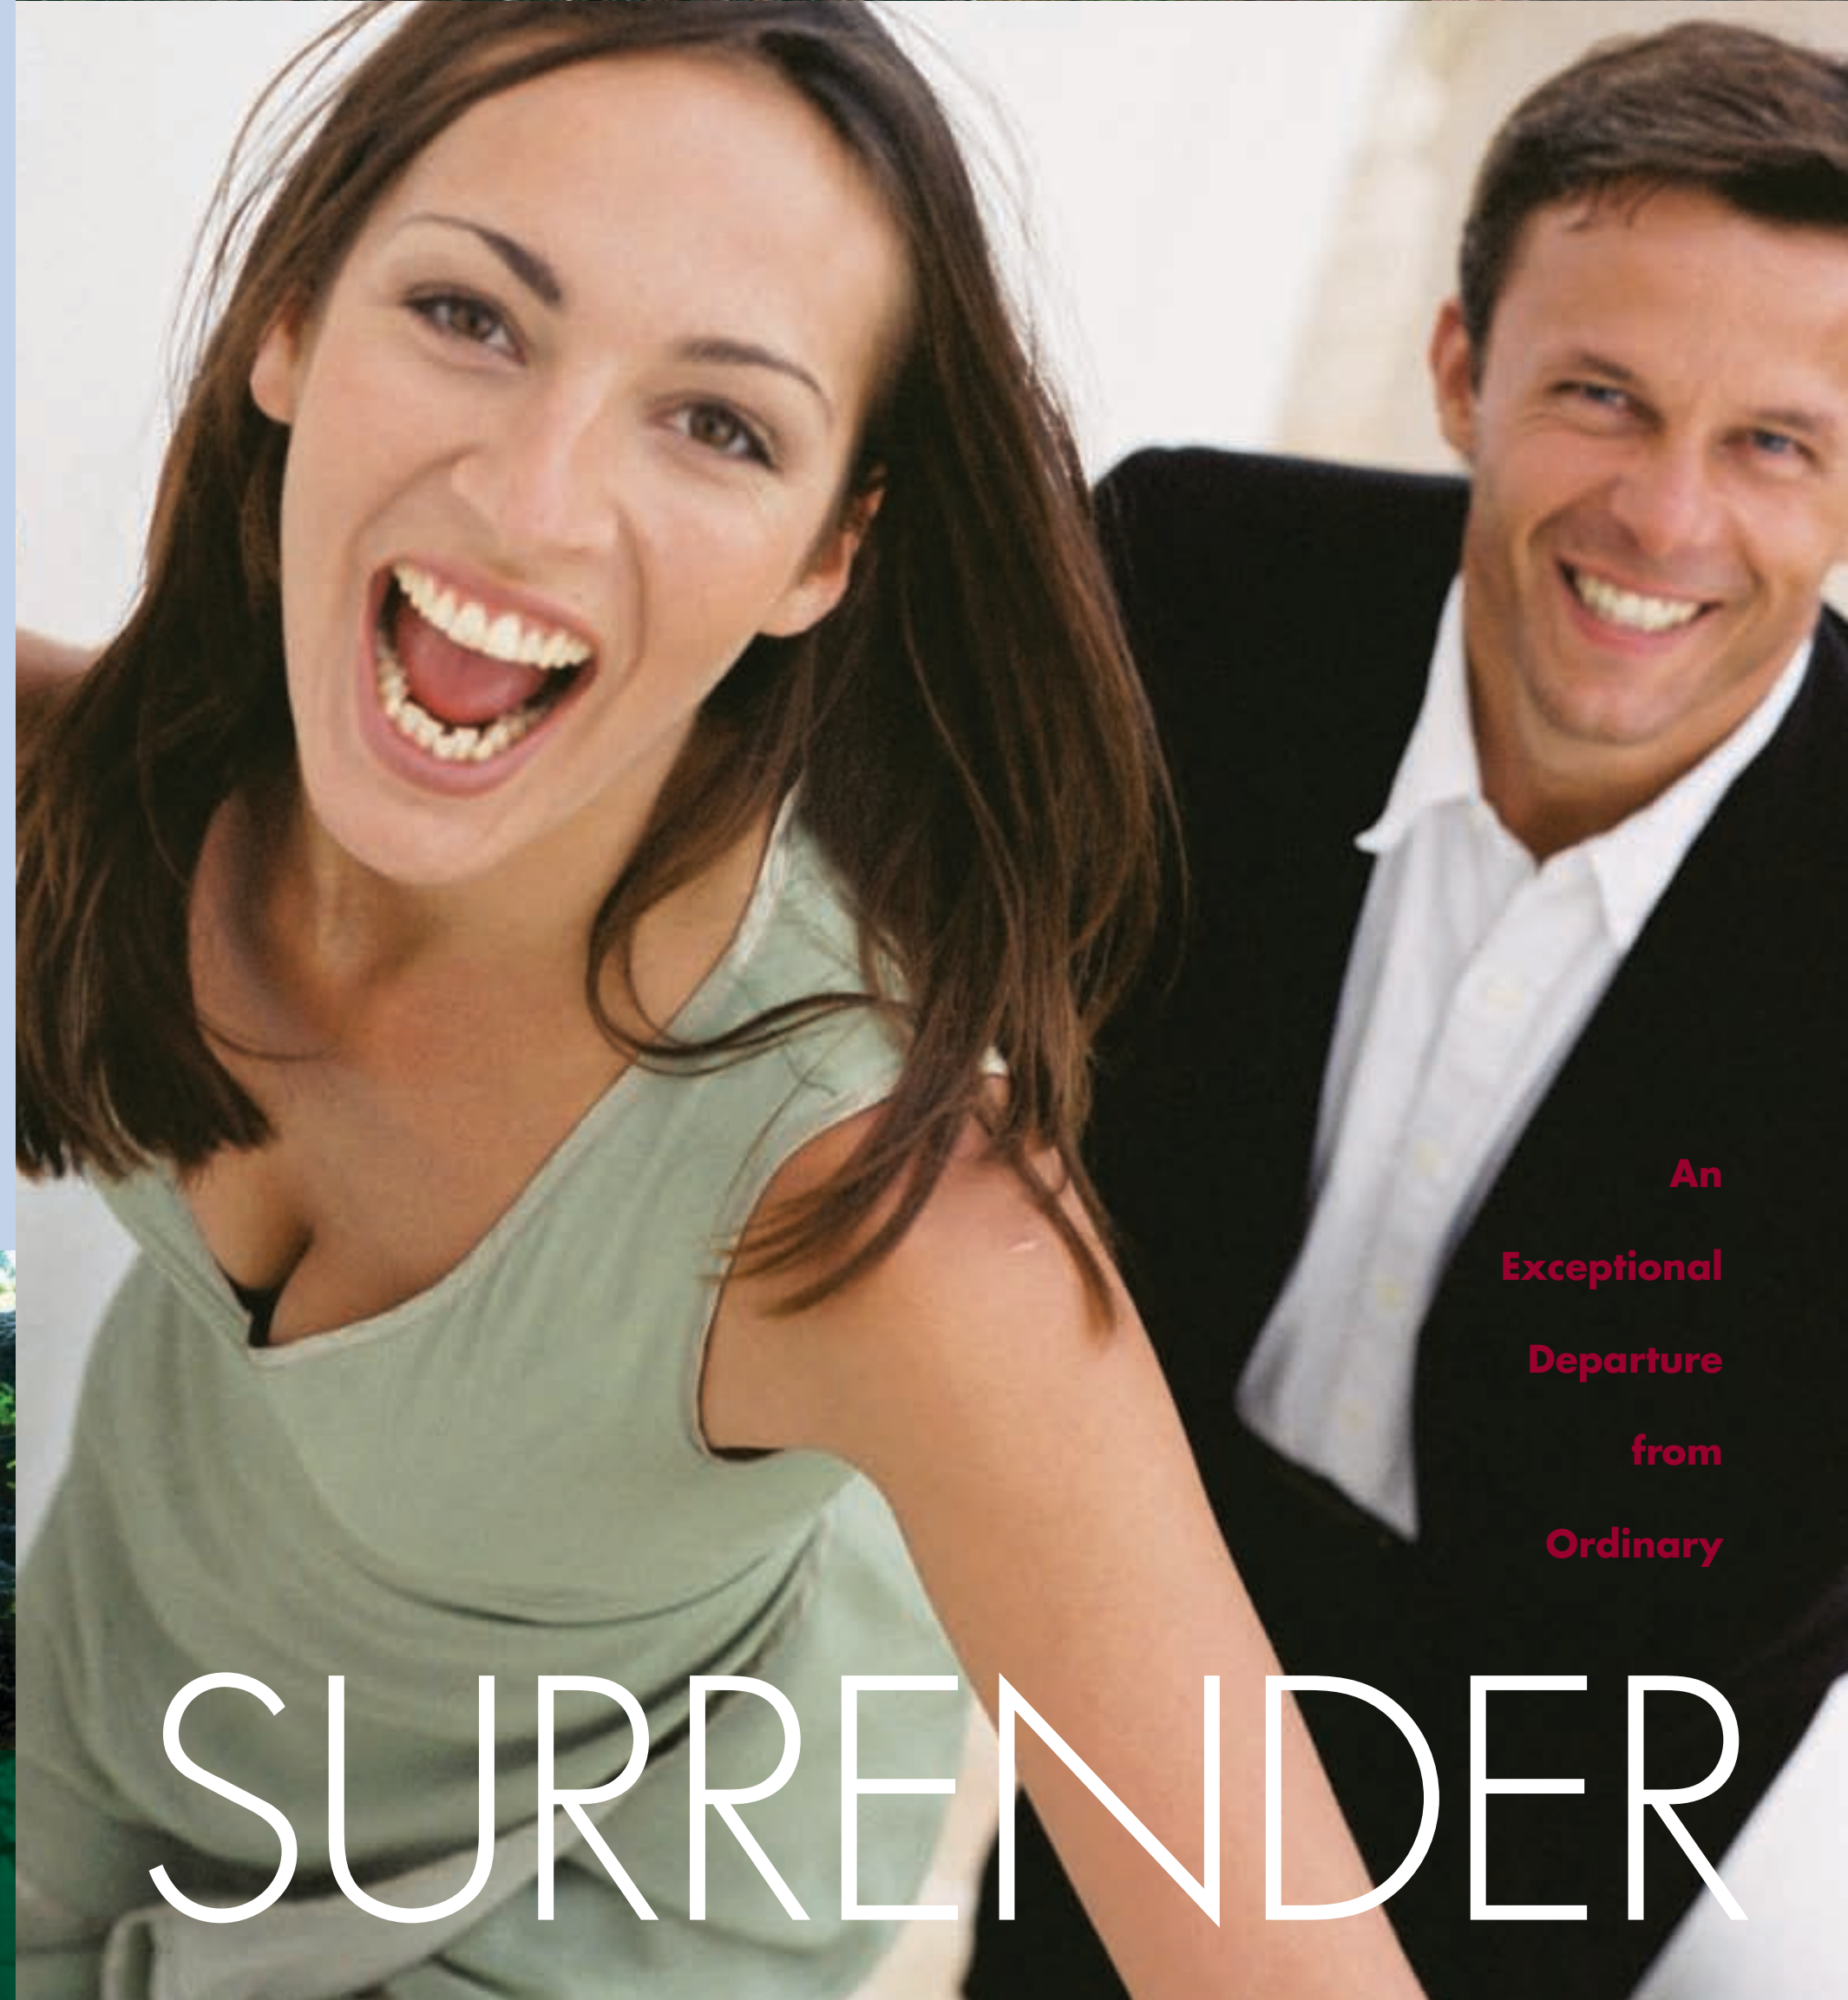

Imagine living within nature's most exclusive environment with every conceivable luxury, activity and convenience. The Cascades Lake Towers is the most captivating, one-of-a-kind community in Texas.

## *Live the Extraordinary*

Decisions, decisions.

When you walk out the front door of your Cascades Lake Towers home, you face the good life, in abundance. The most difficult part of your day is deciding whether to play golf, go sailing or horseback riding, or just grab a burger and soak up the natural beauty. All of these activities, and many more, are available at the lakefront Cascades Lake Towers. You can also enjoy resort-quality outdoor amenities such as a destination pool and tanning deck, a jogging trail, cozy picnic areas, 2 indoor and 8 outdoor tennis courts, a marina and much more.

It is said that membership has its privileges. Indeed. As an owner at The Cascades Lake Towers you also are invited to maintain a sports or golf club membership in our spectacular 40,000-square-foot clubhouse and deluxe locker facilities. You will enjoy the Jack Nicklaus Academy of Golf. And your golf membership adds even more value every day as you have access to eight brand-new, lighted outdoor tennis courts with year round heating and air conditioning at our two indoor courts, located within the main golf clubhouse.

Once you come inside from the great outdoors, you can relax in the well-appointed library or enjoy fine foods in the luxurious dining room, peruse the underground wine cellar for your vintage, or sample the bar stocked with the finest selection of wines, Champagnes, rare Cognacs, ancient, single-malt Scotches and cigars. Casual dining is possible and readily available.

Set your own course in your new life at Cascades Lake Towers.

# REJUVENATE

Vacations leave you relaxed and allow for extraordinary experiences. But vacations are few and far between. That is why your living experience at the lakefront Cascades Lake Towers is enhanced by an exclusive membership in the 12,000-square-foot European Grand Spa whether you have a Sports or Golf Membership in the Club. Discounts and priority reservations are available only to Cascade residents, another luxurious privilege of being a resident of this grand community.

Develop your fitness regimen with a personal trainer, work out in the cardio theatre, enjoy hydrotherapy, relax with an entire body massage or a manicure/pedicure treatment, or melt away stress in the sauna or steam bath. You have so many ways to get and stay fit in our well-appointed 3,500-square-foot California Health Club. Or you can catch some rays on the sundeck. This is your private invitation to a sumptuous, leisurely way to indulge yourself. Take care of the body, mind and soul daily, as part of your new healthy lifestyle at The Cascades Lake Towers.

# The Cascades Golf Club

In 1894, The City of Tyler constructed an earthen dam across Indian Creek. It formed Lake Bellwood, becoming a water reservoir for the city until 1950. Due to the special processes used to create the hydraulic-fill dam, it is listed on the National Register of Historic Places as a historic structure. This beautiful spring-fed lake provides residents with world-class boating, swimming and fishing with largemouth bass and bluegill.

Perched along its shores is The Lake Club and Marina at The Cascades. A casual gathering spot in a beautiful setting, you can relax and enjoy lunch at the Marina, take a swim in the sparkling lakefront pool or hit the fitness facility. The Lake Club also serves as the primary gateway to Lake Bellwood with a gazebo pier, a boardwalk, a fire pit and a private boat-house featuring club canoes and motorboats.

Beyond the beauty of this community are shopping, a thriving business area, and a destination for entertainment and activity in historic Tyler. Broadway Square Mall boasts many specialty shops and major department stores, while the world-famous Rose City Complex is only a few minutes away and includes a culturally diverse Tyler Civic Theatre Center, a unique theater-in-the-round experience, and Harvey Convention Center. In addition are the beautiful 14 acres of the Rose Museum and Gardens, with the Bergfeld Park Amphitheater only a few minutes beyond. Enjoy the Texas State Open Golf Championship from your home at The Cascades in mid-July, or the exciting East Texas State Fair when the fair grounds explode with activity in September.

East Texas is teeming with lakes, such as Lake Tyler and Lake Palestine. Water sports, fishing and boating are endless! There is a lifetime of outdoor activity waiting to be explored!

The very impressive list of surrounding golf courses proves that The Cascades Lake Towers is the ultimate living experience, with a never-ending list of options. In fact, *GOLF DIGEST* Magazine ranked Tyler the "Top Golf City in the State of Texas". Courses such as Hollytree, Willowbrook, Eagle's Bluff and more than five public courses provide a golfer's paradise.

Only four miles from downtown Tyler and a short commute to Dallas, residents may work and play in the city while retreating to their exclusive sanctuary.

# INTEGRITY

Mansion Custom Homes has developed over 10,000 residential and apartment homes that are operating or in the construction and planning phases in Dallas/Ft Worth, Austin, San Antonio, Houston and Tyler, Texas. Marcus Hiles, the founder and principal owner, has successfully developed “dream” properties where everyone wants to reside. Each community is designed to be, “The Best Place In The City”, and for each customer to receive the most value for their money.

Mansion Custom Homes take great pride in being on the cutting edge of design and amenities. Our luxury properties have a reputation of being unmatched in their amenities. Luxury “Towers” brand mid-rises come complete with underground garages, marble baths, jetted tubs, authentic hardwood floors, 70 ounce carpet, granite kitchen countertops and stainless steel kitchen appliances. Some of our properties even have a full destination spa and resort on property.

Signature championship golf courses adjacent to our communities are also common. Our properties lie within master-planned golf course communities such as Stonebridge Ranch, Canyon Springs, Cibolo Canyon Tournament Players Course and The Cascades Country Club, which is the home of Jack Nicklaus School of Golf. If you want to play the top courses designed by Jack Nicklaus, Pete Dye and Greg Norman, then live with us.

Lake front living with private islands and a marina is also yours for the taking. We even have a private working vineyard at one location. Large on-site parks, jogging trails and shade trees are common in our communities. One property fronts on a state forest.

The philosophy is not about buying living space, but offering a healthy, friendly, luxurious lifestyle to our customers. Mansions philosophy is simple: Build the highest quality homes in the very best locations, while maximizing views with signature amenities with superior schools. This assures excellent customer acceptance. “D” Magazine has quoted Mr. Hiles, founder, Chairman, and Chief Executive Officer, in an article regarding luxury residential developments...” ... aims to provide the service of a Ritz Carlton Hotel and the quality of a fine custom home at an affordable price.”

**Guided by a simple  
philosophy – seek out  
the best locations  
in order to establish  
the most desired  
neighborhoods.**

## ENVIRONMENTAL LEADERSHIP

The inspiration for The Cascades Lake Towers is born from nature itself. Adjacent to one of Texas’ most picturesque landscapes, the spectacular Cascades Golf Course and historic, spring-fed Lake Bellwood, this beautiful neighborhood is designed to fit within its environment. The engineers and architects painstakingly planned the The Cascades Lake Towers. Each home is designed in concert with nature by conserving energy with additional weather stripping, 70% solar screens, reflective Tech Shield sheathing in the attic, insulation and dual-pane low-E windows. Air conditioners are 13 SEER, with programmable thermostats which use 30% less energy than current industry standard. Even concrete streets were poured to reduce the use of oil-based products such as asphalt. Standards are well above the industry to ensure comfort in extreme weather conditions. Respect for our environment and energy conservation are two of our top priorities.

The goal is conserving our natural resources. On-going community efforts include a well-trained staff and other recycling programs. Living amidst nature has its advantages.
